**Page 2**

5. Bill Darden telephoned stating that Senator John Stennis had written a letter to Senator Russell stating that the full Senate Armed Services Committee should be given a briefing by the DCI. Therefore, Mr. Darden was inquiring if this could be done, suggesting the date of 2 February at 10 o'clock. I indicated that this probably would be acceptable but that I would confirm. Mr. Darden was aware of our scheduled dates with Senate Aeronautical and Space Sciences and Senate Preparedness Investigating Subcommittee and the fact that all members of Senate Armed Services are members ex officio of Preparedness. However, the Chairman did not feel that the Preparedness hearing eliminated the desirability of the DCI's appearance before the full Senate Armed Services.

6. Visited with Representative Joel T. Broyhill as a result of his inquiry [REDACTED]

[REDACTED] He then discussed the cornerstone ceremony indicating his appreciation at being included on the platform with the President and adding in an aside if he had not been sitting on the platform he would not have appeared for the ceremony.

7. Met briefly with Representative Emilie Q. Daddario (D., Conn.) and thanked him most kindly for making available a ticket for the President's State of the Union address to the Congress today on behalf of Mrs. Dulles. Also thanked Tom Keena for his help on this.
